Stanadyne H&R
Repair & Return - Of Your Hard-to-Find and Obsolete Stanadyne Head & Rotor Cores.

- Area Diesel has been utilizing this process in our own pumps for several years with excellent results.

- Cores sent in for rebuild, must first be identified and determined by ADS' technicians as truly rebuildable.

- Once the rebuilding process is complete, the rebuilt head and rotor is bench-tested to ensure a high-quality working product.
